**Subject:** Status of states and tribes adoption of EPA's 2013 ammonia criteria

Hi Patrick, as a follow-up to your question about SD being the first state in the country to adopt ammonia criteria, here's the latest information I found:

EPA has approved ammonia criteria in OR, NE, KS, FL, LA, NH and 10 tribes.

PR and USVI have adopted the criteria.

MD, CT, NJ, DC, PA, VA, TN, MA, IL, MN, OH, SD, ND and 7 tribes are planning to adopt the 2013 ammonia criteria.

Thanks,  
Holly
